ℹ️ Area boss of the Black Gulch, below the Gutter. Lucatiel of Mirrah can be summoned next to the bonfire outside the Fog Door. Lone Hunter Schmidt can be summoned to the left of the Fog Door, in the open, though this is not recommended as he deals little damage and has little health. A large mass of bodies swinging a giant cleaver, its attacks hit hard and it has a deadly grab attack. Its arms can be destroyed with some persistence, and the left arm drops a Pharros' Lockstone, but they will regenerate after a period of time. It will sometimes vomit acid that degrades equipment, oil the player (causing them to explode if they attempt to light a torch or step into the fire pits) and has two ranged attacks: a dark-damage area-of-effect blast and a frontal dark-damage cone. Watch out for the fire pits, as they drain health very quickly.

ℹ️ Souls Awarded: 96,000

ℹ️ Weakness: Lightning

ℹ️ Optional: No

📋 WHAT ? 🔽

ℹ️ Dark Souls II is an action role-playing game developed by FromSoftware and published by Bandai Namco Games. The third game

in the Souls series, it was released for Microsoft Windows, PlayStation 3 and Xbox 360.
Although both are set in the same universe, there is no overt story connection between the first Dark Souls and the sequel. The game uses dedicated multiplayer servers. Taking place in the kingdom of Drangleic, the game features both player versus environment (PvE) and player versus player (PvP) gameplay, in addition to having some co-op components. As in the earlier games in the series, it again features challenging gameplay, but with a more powerful graphics engine and more advanced artificial intelligence system.
